Leonardtown MD 20650

Chief Stamey,

In response to the St. Mary's County Governments efforts to supplement and assist EMS volunteers with EMS response, the Lexington Park Volunteer Rescue Squad is requesting staffing assistance.

We are requesting 4 Driver/EMTs 5 days a week for a 12-hour shift 0500-1700 Mon-Fri. We will assist in this partnership by providing authorization for the additional staff to operate the Lexington Park Vol. Rescue Squads ambulance while on duty.

This request has been approved by the Lexington Park Volunteer membership and Board of Directors. Lexington Park Volunteer Rescue Squad would like to thank the County Commissioners, Emergency Services Staff, and all of the Volunteer EMS companies in the county for enabling this assistance in a very short order of time but add at the same time we believe the communications should have followed previously accepted and used pathways. Lexington Park Volunteer Rescue Squad is standing by for the next steps in this evolution.

V/R,

Mark D Miller, President

Ken Hicks, Chief
