**Subject:** Re: Plan of Action Document

Chief Stamey,

Since our discussion last Monday, October 5, concerning staffing requirements at LVRS I have learned we are losing two more regular runners due to work schedules. I believe I underestimated our requirements. When this supplemental staffing program goes into effect, I believe LVRS will need 2 EMT/Drivers from 0700-1900 at least four days a week and not the 3 days a week we discussed last week. I'm thinking five days a week might even be better to allow some redundancy/cushion in the equation.

Greetings all,

Please see the attached plan of action and this document is posted on the St. Mary's County Government website, under Board Docs.

Let me know if you have any questions and thanks.

Be Safe,

David
